

University of Florida
College of Public Health & Health Professions Syllabus
CLP 4420: Introduction to Neuropsychology (3 credit hours)
Spring: 2025
Delivery Format: On-Campus Monday 11:45AM to 2:45PM
Course Listed on Canvas

Instructor Name: Catherine Price, Ph.D., ABPP/CN

Room Number: COMM C1-003

Phone Number: 352-494-6999

Email Address: cep23@php.ufl.edu

Office Hours: Thursdays, 9 to 10 am on zoom: <http://ufl.zoom.us/my/catherineprice>

Teaching Assistants: Yonah Joffe, M.S., yonahjoffe@php.ufl.edu

Preferred Course Communications: email, canvas message

Prerequisites

PSY2012 with a minimum grade of C

PURPOSE AND OUTCOME

Course Overview

Survey and exploration of the science and practice of clinical neuropsychology. The course also discusses major neuropsychological disorders and mechanisms underlying higher cognitive function.

Relation to Program Outcomes

This course provides didactic instruction and case examples. The goal is to assist the student in developing beginning knowledge of normal versus disordered brain function. The course is appropriate for students interested in the neurosciences or health professions.

Course Objectives and/or Goals

Upon successful completion of the course, students will be able to:

- 1.0 Discriminate neuroanatomical regions relative to general cognitive domains*
- 2.0 Formulate hypotheses regarding disease profiles and possible diagnoses*
- 3.0 Discern differences between neuroscience, neurology, and neuropsychological disciplines*
- 4.0 Critically analyze neuropsychological publications*
- 5.0 Recognize abnormal behavioral patterns signifying a disease process*

Instructional Methods

Material provided before the class, in-person class discussions, videos, class group activities, demonstrations

Blended Learning

What is blended learning, and why is it important?

A Blended Learning class uses a mixture of technology and face-to-face instruction to help you maximize your learning. Knowledge content that, as the instructor, I would have traditionally presented during a live class lecture is instead provided online before the live class takes place. This lets me focus my face-to-face teaching on course activities designed to help you strengthen higher-order thinking skills such as critical

thinking, problem-solving, and collaboration. Competency in these skills is critical for today's health professionals.

What is expected of you?

You are expected to engage in the course throughout the semester actively. You must come to class prepared by completing all out-of-class assignments. This preparation gives you the knowledge or practice needed to engage in higher levels of learning during the live class sessions. Suppose you are not prepared for the face-to-face sessions. In that case, you may struggle to keep pace with the activities occurring in the live sessions, and it is unlikely that you will reach the higher learning goals of the course. Similarly, you are expected to participate actively in the live class. Your participation fosters a rich course experience for you and your peers, facilitating mastery of the course objectives.

DESCRIPTION OF COURSE CONTENT

Topical Outline/Course Schedule

[This list must correspond with the number of weeks that the course is being offered. You must list week or dates and topics (not just a list of topics). You should also list reading assignments if known. Faculty may need to adapt this section according to the level of detail they wish to provide.]

Week	Date(s)	Topic(s)	Readings
1	Jan 13	INTRODUCTION AND HISTORY Class 1 Welcome, Course Syllabus Review <i>Lecture Topics:</i> Neuropsychology and Clinical Neuroscience History of Neuropsychology	<i>Readings:</i> Zillmer, Spiers & Culbertson: Chapter 1: A History of Neuropsychology
2	Jan 20	Martin Luther King Jr. Day	
3	Jan 27	RESEARCH AND CLINICAL METHODS Class 2 <i>Lecture Topics:</i> Experimental methods in neuropsychology Clinical neuropsychological assessment methods Behavioral Neurology	<i>Readings:</i> Zillmer, Spiers & Culbertson: <ul style="list-style-type: none"> • Chapter 2: Methods of Investigating the Brain • Chapter 3: Neuropsychological Assessment and Diagnosis Howieson, D. (2019). Current limitations of neuropsychological tests and assessment procedures. <i>The Clinical Neuropsychologist</i> , 33, 200-208.
4	Feb 3	ORGANIZATION OF THE BRAIN AND BEHAVIOR Class 3 <i>Lecture Topic:</i> Clinically-relevant functional neuroanatomy: General principles and functional systems	<i>Readings:</i> <ul style="list-style-type: none"> • Gaynor & Bauer, 2020 • Zillmer, Spiers & Culbertson: Chapter 4: Cells of Thought Chapter 5: Functional Neuroanatomy Chapter 6: Cerebral Specialization (pp. 155-167)
5	Feb 10	Exam 1	

Week	Date(s)	Topic(s)	Readings
6	Feb 17	<p>ATTENTION AND PERCEPTION Class 5 <i>Lecture Topics:</i> Visuospatial Abilities, Attention, Neglect, Agnosia <i>Key Topics/Disorders:</i> Attentional dysfunction Sensory perception Visuospatial processing Visual Agnosia (object, face agnosia) Hemispatial Neglect Topographical Disorientation</p>	<p><i>Readings:</i></p> <ul style="list-style-type: none"> • Bauer, 2014 • Zillmer, Spiers, & Culbertson: Chapter 9: pp. 240-246 <p>On the course website: Selections from Kolb & Whishaw:</p> <ul style="list-style-type: none"> • Chapter 13: The Occipital Lobes <ul style="list-style-type: none"> ○ pp. 323-325 (“Visual Functions Beyond the Occipital Lobes”) ○ pp. 330-340 (beginning with “Disorders of Cortical Function”) • Chapter 14: The Parietal Lobes (pp. 345-364) • Chapter 15: The Temporal Lobes (pp. 373-385) • Husain, M. (2008), Hemineglect. Scholarpedia, 3(2):3681. http://www.scholarpedia.org/article/Hemineglect <p><i>Optional Readings:</i></p> <ul style="list-style-type: none"> • Bisiach, E. & Luzzatti, C. (1978). Unilateral neglect of representational space, <i>Cortex</i>, 14, 129–133. Farah, M. J. & Feinberg, T. E. (2000). Visual object agnosia. In M. J. Farah & T. E. Feinberg (Eds.), <i>Patient-based approaches to cognitive neuroscience</i> (pp. 79-84). Cambridge, MA: MIT Press.
7	Feb 24	<p>MEMORY AND AMNESIA Class 6 <i>Lecture Topic:</i> Overview of memory, Amnesia Episodic and semantic memory disorders</p>	<p><i>Readings:</i></p> <p>Online:</p> <ul style="list-style-type: none"> • Kolb & Whishaw: Chapter 18: Memory • Bauer, et al, 2019 <p><i>Optional Reading:</i></p> <ul style="list-style-type: none"> • Sacks, O. (2007). The abyss: Music and amnesia. <i>The New Yorker</i>, September 24, 100-111. Farah, M.J. & Grossman, M. (2000). Semantic memory impairments. In M. J. Farah & T. E. Feinberg (Eds.), <i>Patient-based approaches to cognitive neuroscience</i> (pp. 301-305). Cambridge, MA: The MIT Press.
8	Mar 3	<p>FRONTAL LOBE AND EXECUTIVE FUNCTIONS <i>Lecture Topics:</i> Functional Anatomy of Frontal Lobes Executive function and dysfunction Motor Planning and Intention Personality and Mood Regulation Working Memory</p>	<p><i>Readings:</i></p> <p>Zillmer, Spiers & Culbertson:</p> <ul style="list-style-type: none"> • Chapter 9: pp. 246-259 <p>Canvas: Kolb & Whishaw:</p> <ul style="list-style-type: none"> • Chapter 16: The Frontal Lobes • Chapter 26: Neurological Disorders – TBI section (pp. 702-706) <p><i>Optional Reading:</i></p> <p>Damasio, H., Grabowski, T., Frank, R., Galaburda, A. M., & Damasio, A. R. (1994). The return of Phineas Gage: Clues about the brain from the skull of a famous patient. <i>Science</i>, 264, 1102-1105.</p>

Week	Date(s)	Topic(s)	Readings
9	Mar 10	Exam 2	
10	Mar 17	Spring Break	
11	Mar 24	<p>TRAUMATIC BRAIN INJURY</p> <p><i>Lecture Topics:</i></p> <p>Overview of traumatic brain injury</p> <p>Functional outcome in head injury</p> <p>Assessment and management of head injury and concussion</p> <p>Rehabilitation</p>	<p><i>Readings:</i></p> <ul style="list-style-type: none"> Zillmer, Spiers & Culbertson: Chapter 13: Traumatic Head Injury and Rehabilitation (pp. 369-389). McCrea, M., Broshek, D.K. & Barth, J.T. (2015). Sports concussion assessment and management: Future research directions. <i>Brain Injury, 29</i>, 276-282. <p><i>Optional Reading:</i></p> <ul style="list-style-type: none"> Wagner, A.K. (2010). TBI translational rehabilitation research in the 21st century: Exploring a rehabolomics research model. <i>Eur J. Phys Rehabil Med, 46</i>, 549-555. <p>Omalu, B.I. et al (2005). Chronic traumatic encephalopathy in a National Football League player. <i>Neurosurgery, 57</i>, 128-134.</p>
12	Mar 31	<p>EPILEPSY and PEDIATRIC NEUROPSYCHOLOGY</p> <p><i>Lecture Topics and Disorders:</i></p> <p>Epilepsy</p> <p>Developmental/Autism Spectrum Disorders</p> <p>Pediatric Neuropsychology</p> <p>Pediatric Neuropsychological Disorders:</p> <p>Pre- and perinatal brain damage</p> <p>Genetic/congenital disorders</p> <p>Learning disabilities</p> <p>Pervasive Developmental Disorders</p> <p>Attention Deficit Hyperactivity Disorder</p>	<p><i>Readings:</i></p> <p>Zillmer, Spiers & Culbertson:</p> <ul style="list-style-type: none"> Chapter 10: Developmental Disorders of Childhood Chapter 11: Learning and Neuropsychiatric Disorders of Childhood <p><i>Optional Reading:</i></p> <p>Singh, A., Yeh, C.J., Verma, N., & Das, A.K. (2015). Overview of attention deficit hyperactivity disorder in young children. <i>Health Psychology Research, 3</i>:2115.</p>

Week	Date(s)	Topic(s)	Readings
13	April 7	<p>AGING AND DEMENTIA</p> <p><i>Lecture Topics:</i></p> <p>Normal Aging</p> <p>Pathological Aging and Dementia</p> <p><i>Key disorders:</i></p> <p>Mild Cognitive Impairment (MCI)</p> <p>Degenerative dementia (e.g., Alzheimer's disease, Frontotemporal dementia)</p> <p>Vascular dementia/vascular disease/white matter disease</p>	<p><i>Readings:</i></p> <p>Zillmer, Spiers, & Culbertson:</p> <ul style="list-style-type: none"> • Chapter 12: Cerebrovascular Disorders (pp. 339-347; 351-357) • Chapter 14: Normal Aging and Dementia: Alzheimer's Disease • Chapter 15: Subcortical Dementias <p><i>Optional Readings:</i></p> <ul style="list-style-type: none"> • Park, D. 15	April 21	<p>CASE PRESENTATIONS AND TOPIC REVIEW FOR FINAL EXAM</p> <p><i>Clinical Cases will be presented for discussion</i></p> <p><i>Exam practice questions will be reviewed and discussed</i></p>	
	April 20	Final Examination	3PM to 5PM. Same Classroom

Course Materials and Technology

Recommended textbook: Zillmer, E.A., Spiers, M.V., & Culbertson (2008). Principles of Neuropsychology: 2nd Edition, Thomson Wadsworth Publisher. This text is free to undergraduate students both on-line, in the library, and will be provided through PDF in the Canvas reading packets.

Online Materials: Required readings not found in the textbook will be posted via the University's E-learning system/Canvas at <http://elearning.ufl.edu>.

Supplemental and Optional Readings/Resources: Additional articles, videos, and tutorials will also be posted on Canvas.

- ***NOTE: All readings posted online are for educational purposes only and should not be duplicated or redistributed.***

For technical support for this class, please contact the UF Help Desk at:

- helpdesk@ufl.edu
- (352) 392-HELP - select option 2
- <https://helpdesk.ufl.edu/>

ACADEMIC REQUIREMENTS AND GRADING

Examinations and Assignments: Final grades will be based on participation (5%), one paper assignment (20%), and three in-class examinations (25% each; 75% total).

Attendance/Participation: Attendance and participation will be recorded by the instructor and teaching assistants. Attendees and excused absences will receive a "1". Total score is 5% of the total grade.

Paper Assignment: Each student will be expected to complete one paper assignment, which will account for 25% of the final course grade. The paper will consist of a critique of a research article in neuropsychology. Students will choose one article to critique from a list of articles provided for this purpose. The specific format for subsections of the paper, as well as a scoring rubric, are forthcoming. Papers should

be 3-5 typed, double-spaced pages in Arial 11-12 point font with 1" margins. Students will submit the paper electronically to the Canvas website by the due date/time.

Examinations will take place in class on the dates listed in the schedule. All examinations are open-book, open-note exams. Examinations will cover material as indicated in the schedule. The examination format will utilize a variety of objective methods (multiple-choice, short answer, true-falls, fill-in-the-blank, etc.). Examinations will cover both reading and lecture material, though materials in lectures will be emphasized. Students will receive study questions in advance of each exam to help them prepare.

Grading

Relevant dates on which points can be earned are listed in this Table.

Requirement	Points or % of final grade (% must sum to 100%)
Exam 1	25%
Exam 2	25%
Paper	20%
Exam 3	25%
Participation	5%

Point system used (i.e., how course points translate into letter grades). Exams will each be assigned several points. Earned points based on correct answers will be summed and expressed as a percentage of the total possible points. All grades will be rounded (up or down) to the nearest integer. Grading is based on percentage cut-offs as follows:

Percentage of points earned	93-100	90-92	87-89	83-86	80-82	77-79	73-76	70-72	67-69	63-66	60-62	Below 60
Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E

Please be aware that the Bachelor of Health Science Program does not use C- grades.

The following table lists the conversion from letter grades to grade points. Letter grade-to-grade point conversions are fixed by UF and cannot be changed.

Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E	WF	I	NG	S-U
Grade Points	4.0	3.67	3.33	3.0	2.67	2.33	2.0	1.67	1.33	1.0	0.67	0.0	0.0	0.0	0.0	0.0

For greater detail on the meaning of letter grades and university policies related to them, see the Registrar's Grade Policy regulations at: <http://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

More information on UF grading policy may be found at: <https://gradcatalog.ufl.edu/graduate/regulations/#Grades> [Remove if course is an undergraduate level course.]

<https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/> [Remove if course is a graduate level course.]

Exam Policy

Students are expected to attend and be prepared to participate in all class sessions and exams. Personal issues concerning class attendance or fulfillment of course requirements will be handled on an individual basis. Absence from an exam for appropriate professional obligations (e.g., graduate, professional, or medical school interviews) is permissible. Still, it should be avoided if possible and must be pre-approved by the course instructor. If a make-up exam is required due to professional obligations or health reasons, documentation (e.g., doctor's note, a conference agenda, and some proof of your role as a speaker or attendee) will be required.

Policy Related to Make Up Exams or Other Work

Please note: Any requests for make-ups due to technical issues MUST be accompanied by the ticket number received from LSS when the problem was reported to them. The ticket number will document the time and date of the problem. You MUST e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

Policy Related to Required Class Attendance

Attendance is expected and is required if the student wishes to earn the highest possible number of attendance points.

The UF policy for excused absences is reproduced below:

Students are responsible for satisfying all academic objectives as defined by the instructor. Absences count from the first class meeting.

In general, acceptable reasons for absence from or failure to participate in class include illness, serious family emergencies, special curricular requirements (e.g., judging trips, field trips, and professional conferences), military obligation, severe weather conditions, religious holidays and participation in official university activities such as music performances, athletic competition or debate. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. Other reasons also may be approved.

You cannot participate in classes unless you are registered officially or approved to audit with evidence of having paid audit fees. The Office of the University Registrar provides official class rolls to instructors.

If you do not participate in at least one of the first two class meetings of a course or laboratory in which you are registered, and you have not contacted the department to indicate your intent, you can be dropped from the course. You must not assume that you will be dropped, however. The department will notify you if you have been dropped from a course or laboratory. You can request reinstatement on a space-available basis if you present documented evidence. For further information regarding the UF Attendance Policy see the Registrar's website for additional details:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

Please note all faculty are bound by the UF policy for excused absences. For information regarding the UF Attendance Policy see the Registrar website for additional details:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx> [For undergraduate courses only.]

Excused absences must be consistent with university policies in the Graduate Catalog (<https://gradcatalog.ufl.edu/graduate/regulations/#Attendance%20Policies>). Additional information can be found here: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

Expectations Regarding Course Behavior

Students are expected to report to class on time, be prepared for the class by having read the assigned material, and to participate in discussions as appropriate. PowerPoint lectures will be available on the Canvas website in advance of each class, so students are encouraged to follow along with the lectures and to take notes by either printing out the PowerPoint or by accessing it via a laptop computer or other electronic device.

Students are asked to silence their cell phones at the beginning of class and to show respect for all other persons while class is in session.

Communication Guidelines

Students are encouraged to ask questions and to respond to instructor queries during class. If students have special questions or concerns they would prefer to discuss privately with the instructor or TA, they are encouraged to attend office hours or to approach the instructor immediately after class.

Academic Integrity

Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge:

“We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied:

“On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code or the Graduate Student Handbook for additional details:

<https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/>
<https://graduateschool.ufl.edu/work/handbook/>

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.

Recording Within the Course

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a

criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

Online Faculty Course Evaluation Process

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

SUPPORT SERVICES

Accommodations for Students with Disabilities

If you require classroom accommodation because of a disability, it is strongly recommended you register with the Dean of Students Office <http://www.dso.ufl.edu> within the first week of class or as soon as you believe you might be eligible for accommodations. The Dean of Students Office will provide documentation of accommodations to you, which you must then give to me as the instructor of the course to receive accommodations. Please do this as soon as possible after you receive the letter. Students with disabilities should follow this procedure as early as possible in the semester. The College is committed to providing reasonable accommodations to assist students in their coursework.

Counseling and Student Health

Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you are encouraged to talk with an instructor and/or seek help through University resources available to you.

- *U Matter, We Care*: If you or someone you know is in distress, please contact umatter@ufl.edu, 352-392-1575, or visit [U Matter, We Care website](#) to refer or report a concern and a team member will reach out to the student in distress.
- *Counseling and Wellness Center*: [Visit the Counseling and Wellness Center website](#) or call 352-392-1575 for information on crisis services as well as non-crisis services.
- *Student Health Care Center*: Call 352-392-1161 for 24/7 information to help you find the care you need, or visit the [Student Health Care Center website](#).
- *University Police Department*: Visit [UF Police Department website](#) or call 352-392-1111 (or 9-1-1 for emergencies).
- *UF Health Shands Emergency Room / Trauma Center*: For immediate medical care call 352-733-0111 or go to the emergency room at 1515 SW Archer Road, Gainesville, FL 32608; Visit the [UF Health Emergency Room and Trauma Center website](#).
- *GatorWell Health Promotion Services*: For prevention services focused on optimal wellbeing, including Wellness Coaching for Academic Success, visit the [GatorWell website](#) or call 352-2734450.

Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.

Inclusive Learning Environment

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida's Non-Discrimination Policy, which reads, "The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans' Readjustment Assistance Act."
