UF College of Public Health & Health Professions UNIVERSITY of FLORIDA

Combination Any Bachelor's/Master of Public Health (MPH) Degree Planning Form

Instructions: If you plan to apply to the Bachelor's/MPH Combination Degree Program, please complete this form with a representative from your undergraduate major and your assigned combination program advisor. You should also meet with them (or an undergraduate advisor, if appropriate) to confirm your eligibility. Pages 1 through 3 must be completed and submitted with your application packet. Incomplete forms may delay the review of your application.

1) Student Information (completed by student)

UFID	Last Name	First Name	M.I.	Preferred Name

Major Code (ex: BIO_BS)	Major Name	College

UFL Email Address	Expected Bachelor's Graduation Term & Year	Overall UF GPA

Eligibility Requirements:

Instructions: Please indicate next to each requirement to confirm that you have read and meet (or will meet) the eligibility requirement by your intended admission term.

- ☐ Overall UF GPA of 3.2 or higher
- ☐ Minimum of 60 credits earned
- ☐ Prerequisite coursework (STA 2023 and [BSC 2005 or BSC 2010]) completed with a grade of C or better, or through accelerated mechanisms (e.g., AP, IB, AICE, CLEP). *PSY 2012 is strongly recommended.*

MPH Concentration:

Instructions: Please select ONE option indicating the concentration and format of the MPH program you wish to pursue.

- ☐ Biostatistics (campus format)
- ☐ Environmental Health (campus format)
- ☐ Epidemiology (campus format)
- ☐ Population Health Management (campus format)
- ☐ Population Health Management (online format)
- ☐ Social and Behavioral Sciences (campus format)
- ☐ Social and Behavioral Sciences (online format)

2) Program Plan (completed with Combination Program Advisor)

Instructions: Create a plan of study with your assigned combination program advisor that outlines all remaining courses required to complete your current undergraduate degree(s), along with your tentative MPH coursework (9 to 18 credits). If you are unsure of your remaining undergraduate requirements, please consult a college academic advisor prior to meeting with a combination program advisor. Please note that unapproved changes to this plan may delay your Master's graduation.

To maximize the benefits of the combined degree program, students are expected to complete 18 credits of MPH coursework during their undergraduate program; however, they may still pursue the combined degree if they complete at least 9 graduate credits while enrolled as undergraduates. Students are responsible for confirming that their undergraduate schedules can accommodate MPH courses. Historical course offerings and locations are available in the Schedule of Courses on ONE.UF.

3) Shared/Non-Shared Credits (completed by Undergraduate Program)

Instructions: This section should be completed by appropriate undergraduate staff to confirm how the identified MPH coursework will apply towards the student's undergraduate degree, including any coursework that will be double-counted. The Department Representative should be someone who can confirm major-specific course substitutions, if applicable, and the Undergraduate Advisor should be the person responsible for the student's overall plan of study, graduation plan, or college's degree requirements, if different from the Department Representative. Individuals who sign this form may be contacted regarding additional documentation or requests related to the student's combined degree plan if the student is admitted.

MPH Course	Shared (Yes/No)	Undergraduate Requirement (for Shared Credits)	Semester & Year

Examples of Undergraduate Requirements:

- Major course substitution (list specific course)
- Major course elective
- Elective outside of major

Please check one item below and fill in the appropriate credit count:

☐ The student is approved for this combined degree and to double-count the designated graduate coursework.

Number of MPH credits allowed to count toward the bachelor's degree = [ ] credits

Number of MPH credits that will not count toward the bachelor's degree = [ ] credits

☐ The student is not allowed to count any MPH credits toward the bachelor's degree, but may take the following number of MPH credits during their undergraduate program = [ ] credits

Department's Representative Name	Department's Representative Signature	Date
Undergraduate Advisor's Name, if applicable	Undergraduate Advisor's Signature, if applicable	Date
